THE PEOPLE BEHIND THE WAVES

Meet Your Hosts

Nataly

THE SPIRIT

"I caught my first wave at 45. Today, at 53, Siargao Island is my home. Surfing and connecting with the ocean truly changed my life. It wasn't just about the sport; it was my way to heal and find inner strength through life's challenges. The sea taught me how to stay calm and powerful, even when things get rough. I'm here to show you that it's never too late to feel young again, alive, and deeply connected to yourself. I don't just host this retreat; I live it every single day."

Barak

THE EXPERT

A local resident in Siargao for the past 4 years. Barak and his hand-picked crew of professional Filipino guides will ensure your surfing journey is safe, professional, and transformative.

"Whether you are catching your first wave or looking for the most challenging spots on the island, we've got you covered."
